Absolute Series
Pellet Stoves

HARMAN®

F or those who seek sophistication in all areas of life, there are the Absolute series pellet stoves. They're unparalleled, only attaining the Harman name after achieving strict quality standards. Performance and engineering excellence are infused into every detail of the Absolute43 and Absolute63. From transitional styling and industry-leading heat, to whisper-quiet operation and Harman EASY Touch Control, this is the new standard of greatness.

EASY Touch Control

Tinted glass hopper lid with LED light

Multidirectional airflow vents

52lb hopper

Exclusive door air wash system

Flame reactive mirrored glass

Dual-latching handle

Quiet, variable speed fans

Cast iron workmanship

Concealed ash drawer

EASY Touch Control

The Harman EASY Touch Control is the most advanced control system ever created—and makes it easy to heat your home:

• Easy: Operate your stove quickly and easily with intuitive touchscreen controls

• Accurate: Maintain desired heat levels all day, every day and save fuel using the scheduling feature and wireless room sensor

• Smart: Monitor performance automatically and receive notifications when maintenance is needed

• Yearly Savings: Save money on heating bills with industry-leading technology and features, and high efficiency

Features
- Smart operation with EASY Touch Controls
- Near silence in Whisper mode
- Welcome warmth created by multidirectional airflow
- View fuel levels easily with tinted hopper lid and LED light
- Elegant flame-reactive mirrored glass
- Installation made easy with direct vent
- Temperature accuracy with wireless room sensor

Options
- Matte black or porcelain majolica brown finish
- Harman Protect cast iron hearth pad (matte black only, fits Absolute43)
- Direct vent wall pass-through
- Outside air kit
- Top vent adapter
- Outside temperature kit

Cover: Absolute43 in porcelain majolica brown finish
Far Left: Absolute43 in matte black finish
Above: Absolute43 in matte black finish

Filling the large, 52- or 72-pound hopper is easy. Quickly observe fuel levels through the tinted hopper lid, or let the Harman EASY Touch Control automatically remind you when fuel is low.

A large and concealed ash pan provides easy access and reduces maintenance time.

Key Technologies
More than 30 years of engineering excellence and heating performance, distilled into these exclusive technologies.

EASY Touch Control
Harman's easy-to-use, industry-leading touch control provides one-screen operation and gives access to optional menus such as scheduling, diagnostics, cleaning prompts and fuel gauges that give you complete control of your stove.

Wireless Room Sensor
Complements the EASY Touch Control system and gives you the most precise temperatures where you want to feel the heat.

ESP Temperature Control
The Absolute series utilizes an Exhaust Sensing Probe system (ESP) to deliver precise heating control. ESP constantly monitors and adjusts heat output to maintain set room temperatures within one degree.

PelletPro™ Technology
This patented system makes it possible to burn any grade of pellet fuel with maximum heat and efficiency. A bottom-up feed system burns each pellet completely and allows for 24-hour heating.

Absolute Series Specifications and Clearances

Absolute43 Pellet Stove

BTU/hr Input[2].........14,100-44,200

Efficiency[3]....................82% LHV;
77% HHV

Emissions ....0.99 g/hr

Heating Capacity[4]......2,400 sq ft

Hopper Capacity.......52 lb

Fuel Type.....................wood pellet

Feed Rate....................5 lb/hr max

Venting Size................3"

Weight..........................301 lb

A Standard of Excellence

In 1979, Dane Harman used his welding skills and design talent to build his first wood stove, setting the stage for a journey full of entrepreneurial energy and innovation. Built to a Standard and Not a Price has remained an unwavering promise since that first model was handcrafted, and is exemplified today through Harman's multiple patents and industry awards. Harman heating solutions are built to withstand the test of time with reliable warmth and aesthetic elegance, staying true to Dane's dedication to optimal performance and engineering excellence.

Limited Lifetime Warranty[6]
The strongest in the industry, Harman provides a limited lifetime warranty on most important aspects: firebox and heat exchanger.
